Professional Summary

Motivated and detail-oriented **Backend Developer** with hands-on experience in designing, building, and maintaining scalable web applications. A 2024 graduate from **Suez Canal University**, Faculty of Computers and Information, with a **Very Good with Honors** distinction. Specialized in **Node.js**, **Express.js**, **MongoDB**, and API architecture with solid understanding of **OOP**, **Data Structures**, **Design Patterns**, and **Clean Architecture**. Currently part of the backend team at **Kayan**, with previous experience at **BlackCode Capital**, **MFB Automations**, and several freelance projects. Strong collaborator with excellent communication skills, capable of managing full development cycles — from planning to deployment.

Education

Suez Canal University **Sep 2020 – July 2024**
Bachelor's in Computer Science – Very Good with Honors *Ismailia, Egypt*

Experience

Kayan Software Solutions **Mar 2025 – Present**
Backend Developer *Remote - Saudi Arabia*

- Built and maintained scalable backend systems using **Node.js**, **Express.js**, and **MongoDB**.
- Developed secure RESTful APIs with JWT authentication and robust validation layers.
- Wrote clean, reusable code following **SOLID**, **TDD**, and **Clean Architecture** principles.
- Collaborated with frontend and DevOps teams to deliver seamless product features with CI/CD pipelines.

BlackCode Capital **Jul 2024 – Feb 2025**
Call Center Representative *New Cairo, Egypt*

- Handled client inquiries and provided technical support for software-related issues.
- Assisted users with onboarding processes and resolved account problems efficiently.
- Communicated effectively with cross-functional teams to escalate and resolve issues.

Freelance Projects **2023 – Present**
Fullstack Web Developer *Remote*

- Delivered 10+ web applications for clients in e-commerce, education, and logistics.
- Built dashboards, real-time APIs, and authentication systems with **Node.js** and **MongoDB**.

MFB Automations **Summer 2019 – 2021**
Software Intern (Frontend, Backend, Flutter) *Ismailia, Egypt*

- Worked on full-stack projects including admin tools and mobile apps using Flutter.
- Gained experience with REST APIs, MongoDB, and Git-based collaboration.
